MEMORANDUM FOR: DEPUTY DIRECTOR (SUPPORT)

SUBJECT: Implementation of Recommendations in Country Analyses

25X1A

25X6D

25X6D

25X1A

1. The OCB has approved the country analyses in [redacted] and [redacted]. The OCB further has approved for submission to the NSC the Final Report prepared by the Working Group for the OCB covering the eighteen countries studied. The remaining nine country analyses will be submitted to the OCB for final approval at its next meeting, 7 December.

2. Under present interpretation of the effect of the recommendations made in the Final Report, it is not considered necessary to await NSC approval before beginning the implementation of the recommendations in the nine country studies listed above which have been given final approval. Clean OCB-published copies of the country studies approved will be obtained and furnished to you as quickly as possible. Steps should now be taken in all recommendations in which CIA is mentioned as a responsible agency along with other U.S. Departments and Agencies, or as a supporting agency, to coordinate with such other Departments and Agencies in the planning and programming essential to implement the recommendations. This must be done within the framework of the policy controlling CIA participation in 1290-d operations as stated in the CIA covert annex to the Final Report, a copy of which is attached for your information and guidance. This covert annex has been approved by the DCI.

3. For your information, an identical memorandum is being addressed to the Chief of Communications, the Chief of the Technical Service Staff and the Director of Training. Further, the first two paragraphs of this memorandum together with the attachment, have already been furnished to the Chief, FI Staff, the Chief, PP Staff, the Chief, CI Staff, the Chief, FE Division, the Chief, NEA Division, the Chief, SE Division and the Chief, WH Division.
